

Call for Poster Abstracts

We are now accepting poster abstracts for the 2008 summit. The purpose of the poster session is to present subject matter, original research findings, and innovative ideas that support the environmentally safe recycling of industrial materials.

Important Dates:

Feb 8 – Submission
Deadline
Feb 22 - Notification

Guidelines and Submission

- Abstracts should be no more than 300 words, not including the author's name, contact information, and title of the poster.
- Please include the poster presenter's agency/organization/association and contact information, including city and state.
- Abstracts must be submitted by email in MS Word by Friday, February 8, 2008 (5:00 p.m. MDT) to Kendra Morrison at morrison.kendra@epa.gov.

Notification

- Submitters with posters selected for presentation will be notified by Friday, February 22, 2008.

General Information

- Each proposal is reviewed by a planning committee.
- Posters will be displayed during the entire length of the conference in a designated exhibit area, such as the rear of the rooms reserved for all plenary sessions. The schedule for the poster session will be determined, and authors will be notified.
- Each presenter is responsible for the development, staffing, and removal of his/her poster display materials from the exhibit area.
- Poster presenters who are selected for presentation must register for the conference and make their own travel and hotel arrangements.
